For the 2014 American Short Course meet, the length of the short course competition pools will NOT be certified before the start of the meet. However, in accordance with the 2014 USA Swimming and NCAA Rules, if a US or World record is broken at this meet, we will have the course measured and certified by a qualified, licensed professional immediately following the session during which the time was achieved. There have been many US and/or World records broken at the Texas Swim Center and the measured length of the course has never been an issue.

The Swim Center is located on the University of Texas Campus, 1900 Red River Street, one block west of I-35 on the northwest corner of the intersection of Martin Luther King Boulevard and Red River Street.

Water Depths: The pool at the start and the turn end is 9 feet, and the pool measured at 1 meter and 5 meters from both ends.
